

Research Assistantship

Text Analytics (Natural Language Processing) | Feb 2023 - Apr 2023

RESEARCH AIM & MY ROLE

Research aim:

- Aimed to find if **weekly student reflections on the class** can **identify struggling students** within the cohort

My role:

- Do **sentiment analysis on the textual data** to explore correlations with actual class satisfaction

Weekly Class survey

Q8: Rate learning experience of class

Q11: What topic/activity did you find challenging?

Q12: How to improve learning experience?
